

EARNIE Executive

EARNIE Executive is a flexible system that will manage your specific company requirements

Whether you want to process payroll for up to 1000 employees, require multi-user access with different security levels or would like to link the payroll to a range of other products; EARNIE Executive will meet your needs.

It is highly configurable so you can set up your own payments and deductions, absence categories and user-defined fields to capture and report on the information important to you.

EARNIE Executive also offers a costing module, enabling employee costs to be divided between multiple cost centres.

Key features

- 50 companies as standard with bureau option available
- Concurrent multi-user access available
- Create up to 999 payments and deductions with sophisticated formulas if required
- Easy to produce bespoke reports
- Up to 9 years history including historical payslips
- Comprehensive audit trail
- Full security down to field level
- Quick amends with global updates
- User-defined data import and export facilities
- Management information can be obtained quickly and easily
- Auto absence calculation for SMP/SAP/SPP and SSP
- Online filing at year end
- Send and receive in year changes via HMRC gateway
- HMRC accredited
- Integration with IRIS HR Manager
- Up to 25 user-defined fields
- Optional CIS module for construction industry pay calculation
- Spreadsheet import facility available for fast data entry

Share your data to save even more time

EARNIE Executive integrates with a range of BACS, time and attendance, accounts and HR systems (including IRIS HR Manager). Entering your data only once and sharing it between your various systems saves considerable time.

Reporting

EARNIE Executive provides flexible reporting with a range of standard designs and its own Quick Report Writer. You can also create your own reports with a choice of 2 optional report writers, Crystal Reports and Vision. Alternatively we can also create bespoke reports on your behalf if required.

Back up services

The team behind EARNIE has over 20 years payroll experience with training and consultancy services and a dedicated support team that is on hand 5 days a week, so you can be confident expert support is always available.

You can choose from a large range of stationery to complement EARNIE Executive and additional bureau services such as payslip printing and BACS processing are also available.

CIS calculations

EARNIE can easily handle your construction industry payments with an optional CIS (construction industry scheme) module.

It performs all the necessary calculations using specific CIS rules and connects directly to the HMRC Gateway. It even verifies the tax status of each contractor so your life is made easier. Your sub-contractors payroll is kept completely separate to PAYE employees to ensure no mix-ups when reporting to HMRC.

Key features - CIS

- Stores the UTR (unique tax reference) for each type of company status: Sole Trader, Partnership, Limited Company and Trust
- Verifies the tax status of sub-contractors with HMRC Gateway
- Calculates VAT for VAT registered sub-contractors
- Prints invoices and remittance advices
- Provides electronic monthly tax returns to HMRC
- Caters for CITB Training Levy

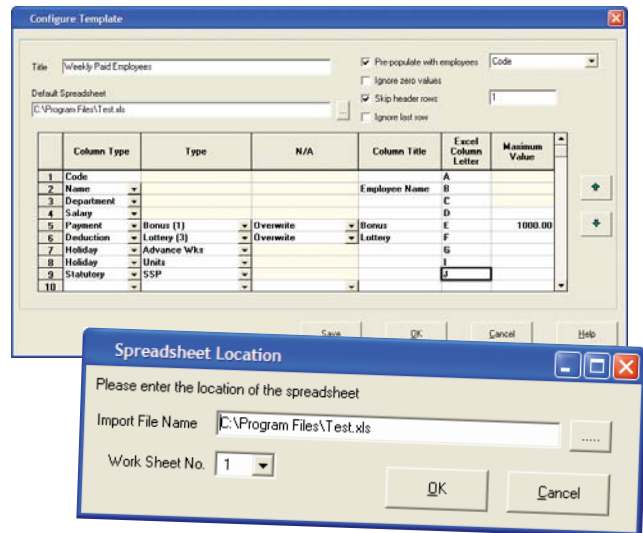

Spreadsheet Import

Quickly import data directly into your payroll run with the optional Spreadsheet Import facility. Set up templates containing the exact information you require then either link to an Microsoft Excel spreadsheet or manually key in the data.

Ideal for accountants, bureaus or any companies with lots of variable pay information.

Key features - Spreadsheet Import

- Set up personalised templates with the information you require
- Link templates to a Microsoft Excel spreadsheet or manually enter information, its your choice
- Configure as many templates as required
- Pre-populate your templates with employee details
